

Minutes of the Second Client Meeting

Team 8

Friday 17th March 2017

1. Time and Place

The second client meeting for the MCI project was held in Ingkarni Wardli 4.48 at 1.30pm on Friday.

2. Meeting Discussion

- Get a clear direction of the project.
- The requirement of this project is to write a desktop or web application, which can analyse the content of random README files, and then generate a list.
- README file is written by Mark Down (MD) language.
- Spark is a framework tool that can be used into this project.
- Christoph has showed us the basic grammar of MD language, different content has different characteristics, such as title will use '#' before normal code and links need a bracket follow a square bracket, which is a key point to distinguish the information when we write our java script code.
- Christoph has checked PPT and point out some small faults.

3. Other issues

Things to do:

- Prepare the pitch presentation.
- Write the business case and draft plan.
- Beginning to write code part.

4. Adjournment

- The meeting was adjourned at 2:10pm.

- The next meeting will be held in Ingkarni Wardli 4.48 at 2:00pm on Thursday 23rd March 2017.
